Analysis of Students feedback on Curriculum

Out of 15 students 11(73%) recorded their feedback on curriculum for the academic year 2023-2024. The following are the analysis of responses on each aspect of the curriculum, received from the students of our institution.

1. The curriculum of the University matches with the stated objectives / learning outcomes. 41.8% score of the students
2. The curriculum helps in preparing the student to pursue higher education in the related subject.
40% score of the students
3. The curriculum provides the skills necessary to obtain a job after the completion of the course.
40.9% score of the students
4. The College Library has a stock of relevant books for the prescribed curriculum
45.5% score of the students
5. The College Laboratory has adequate equipment / chemicals / facilities for practical.
44.5% score of the students
6. The Curriculum provides facilities for exposure trips to industries / institutions for on-spot experience and learning.
42.7% score of the students
7. The Curriculum is up-to-date and covers the latest in the subject of study.
40.9% score of the students
8. Knowledge gained from curriculum during the course of study
41.8% score of the students
9. The curriculum provides adequate technical skills
41.8% score of the students
10. Rate the curriculum in terms of load of course in different semesters
41.8% score of the students

STUDENT FEEDBACK ON CURRICULUM

ACTION TAKEN REPORT

(Academic Year: 2023-2024)

Feedback on the curriculum was collected from the students of the institution for the academic year 2023-2024.

- Out of 15 students, 11 recommendations were received on the curriculum.
- From the inputs, it is clear that the majority (73%)
- In general, the students are satisfied with the curriculum. They suggest to make some few changes in it.

Students' feedback on curriculum received from the institution was analyzed and it was appreciated that 73% of the students were very satisfied with the curriculum. 14.4% of the students did not like the curriculum as it is not suitable for the students to study. 12.6% of the students are not happy with the curriculum.

Based on the findings of the feedback, action will be taken to improve the curriculum by making a change in the curriculum. Detailed analysis of subject syllabus will be done to improve the academic skills of the students and to provide a good learning experience to the students. Also, the curriculum will be revised up to date and relevant to the students.
