

Environmental Policy

Preamble

The core mission of the College is to empower the student community that we serve. An important aspect is to make the youth and the student community to demonstrate vital concern for the protection of the physical environment. The College shall all steps to exhibit the concern for the environment within the campus and instil the same in the student community of the College.

The College shall undertake all steps to promote conservation and sustainable use of natural resources. The College is committed to minimise environmental pollution in all its activities.

In order to achieve the above purpose, the College shall engage itself in:

- ✓ To improve energy efficiency and reduce energy consumption associated with domestic and other college activities.
- ✓ To minimise consumption of water, energy and related materials. To encourage various suppliers to provide the College with environmentally friendly goods and services.
- ✓ To embrace the precautionary principle in the use of chemical products, such as domestic chemicals, detergents and pesticides.
- ✓ To reduce material and organic waste and to facilitate their reuse using the most environmentally effective means for the benefit of the environment.
- ✓ To raise awareness of and encourage participation in environmental matters amongst its employees, students and other stakeholders like parents and guardians and members of the community living around the College campus.
- ✓ To promote an awareness of environmental issues within the College and to encourage participation of College staff and students in environmental matters in the society.
- ✓ To consider and act to minimise the environmental impact of all new developments, taking into account noise and light pollution, visual impact and habitat degradation.

- ✓ To achieve maximum results in ensuring conservation activities within the Campus, the College shall arrange for a green audit, energy audit and take other related steps required once in three years, preferably by an external institution or agency.

The Environment Policy has been approved by the Governing Body of the College in its meeting on 31.01.2018
