WORKSHOP REPORT

On 18th January 2024, Department of Mathematics organized One Day Workshop on "Math Typing Tools" for UG (I & III) and PG (I & II) year students of the department. The workshop was held at Multimedia Hall. The day started with a prayer song. The program was conducted in three sessions. The resource persons are Dr.J.Maria Rejila Baby, Dr.R.L.Babisha Julit and Ms.M.Mahiba . Students experienced a special hands on practice learning session through which they got a better understanding to LaTeX. The content was delivered as per the need of every student along with interaction. The output of this workshop enables students to type research paper on LaTeX and gain knowledge about how to insert images, equations, draw tables and graphs.

Number of Participants: 4-9

FEEDBACK

I am Aslin Reshitha.T from II M.Sc. Mathematics. The latex workshop was informative. The staff conducted the workshop effectively and efficiently. We learned about the basic codes in the forenoon session. Staff also made us type using latex and corrected us when necessary. In the afternoon session, staff taught us using a ppt presentation. The afternoon class was very precise and clear. At first, it was unclear to us because of the lack of basics. After the workshop, we understood the concepts. The workshop was very helpful.

Aslin Reshitha.
