**Inter-cultural Interaction Programme- Report**

Culture is not about wearing differing costumes; rather, it is the ability to appreciate and accept differences in the form of ideas, opinions and beliefs.

The Department of English conducted a 1-hr informative session on 10.04.2024 in which Ethan and Ami, pre-university students from London, presented their academic scenarios to be juxtaposed with those of their Indian counterparts. This was followed by a comparison of each nation's student community lifestyles with all the inherent advantages and disadvantages. The objective of this event was to encourage interaction amongst student communities in a trans-national context.

Later on, the English Dept. students of the college, posed questions that probed the likes and dislikes of the British students. It was gratifying to note the sense of camaraderie that pervaded the entire session. Around 70 students from UG and PG classes of English Department attended this culturally enriching programme.
